

**NEW LIGHT CHURCH**  
"THE CITY OF PRAISE"

**Affirmation 2018**

I am excited to declare that 2018 is my year of "Divine Favor."

This is the day, the set time, and the designated moment for me to experience the Divine Favor of God.

Because God has given my mouth authority, I boldly declare:

I am blessed and highly favored by God. This is my set time to be favored because I am the object of God's affection. God's favor surrounds me as a shield, and the first thing that people encounter is the favor of God on my life. I enjoy favor with God and with men. God's favor is working in my life.

Doors of favor are opening for me in every area of my life. As an employee, doors of promotion, elevation, and increase are opening on my job and in my career field. As an entrepreneur, clients, tenants, and customers are moving toward me to increase my bottom line and to cause my business to expand. Though others may experience decline, I declare that no decline, decrease, or lack will come to me or to my business.

The favor doors of provision that align with the purpose of God for my life are opening for me. No good thing will be withheld from me because God's favor is working in my life. Because I have been diligent in my business, I will come to the attention of great people.

I further declare:

I am experiencing divine favor in my body. I am healthy, and whole. I am experiencing favor in my finances. My financial obligations are met, and my debts are paid.

Because of the divine favor on my life, I am whole mentally, and emotionally. The hurts, wounds, and disappointments of the past are distant memories. God is blessing me so much that

I have no time to focus on pains of the past.

I further declare:

There is a release of divine favor for my church family and Kingdom leadership. There are properties to be acquired, ministries to be strengthened, churches to be planted, and souls to be won. People are coming from all over the city, state, and country to be part of worship and to hear the Word of God as it is declared from this house. Every seat is filled in every service.

Signs, wonders, and miracles flow in every service, confirming the Word of God.

Again, I declare 2018 is my year for Divine Favor!
